GiB – Ginsberg's Intelligent Bridgeplayer was the winner of the second and third computer bridge championships in 1998 and 1999. Gibware sold its rights to Bridge Base Online (BBO), and GiB is no longer available for retail purchase. (WBridge5 is a free alternative.) As the robots on BBO, GiB plays better than 60% of club bridge players. BBO updates bidding tables for GiB, but probably has not updated the play engine.
