While waiting for 10am – Week 7

Hand evaluation

Often you are required to evaluate your hand and there is some middle ground where it isn't obvious if the hand is "good" or "bad".

A typical example is the

1NT (-) 4NT (-)
?

Sequence, where the 4NT quantitative bid is asking if opener is minimum (12 HCP - Pass) or maximum (14 HCP – bid 6NT).

What to do with 13 HCP?

One possible method, **not seen in any expert publication**, is:

Count extra for high spot cards.

Count $\frac{1}{3}$ for a Ten

Count $\frac{1}{6}$ for each Nine.

Three x 10 is "1 HCP",

Two x 10 + Two x 9 is "1 HCP".

Then treat a total $\frac{1}{2}$ or more as good and $\frac{1}{3}$ or less as bad.

$$\frac{1}{2} + \frac{1}{2} = 1$$

$$\frac{1}{3} + \frac{1}{6} = \frac{1}{2}$$

$$\frac{1}{6} + \frac{1}{6} = \frac{1}{3}$$

$$\frac{1}{3} + \frac{1}{3} = \frac{2}{3}$$

U3A Bridge National Swiss teams

Each year in May, U3A organises a national bridge "Swiss Teams" tournament.

<http://s222350980.websitehome.co.uk/U3A/Bridge/mtswiss.html>

That page is out of date at the time of writing...

In 2020, it is likely to be on Saturday May 30th, from 11:00 to 18:00.

Or search for "U3A Swiss Teams".

Each team is two pairs.

Guildford should enter a team or two (or more).

Basingstoke often enter 7 teams!

An all day affair, you get lunch and the cost was £16 a head 2 years ago.

Usually teams need to be sorted out by the end of January.

Let me know if you are interested.

U3A Intermediate Bridge 2019-20

Week 7 Administration

There is only one U3AIB in December – today.

We will be looking at Weak Twos.

And only one U3AIB in January, the 17th, due to U3A group leaders meeting.

Minimal presentation. Lots of set hands on and around Weak Twos.

Back to normal for February.

2nd Friday – Intro to Benji (Benjaminised Acol)

...

Only one in April due to Easter

May 8th will be the Spring Tournament. Find your pairs, Find your table of two pairs. ([Consider entering your four-some into the National Swiss Teams.](#))

Note that Friday May 8 is a bank holiday in place of Monday May 4.

May 15th: Last session of the academic year.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

So far this (academic) year, we had a **brief** look at the range of suited openings.

- 1★ **Normal**, 12..19 Points (or 9..11 meeting rule of 20)
- 2★ **Strong**, 8..9½ Playing Tricks, with a passing nod to
2♣ **Superstrong**, 10+ Playing Tricks (or 23+ HCP balanced)
- 3★ **Pre-emptively weak and long**, L7★, 5..9 HCP, and also
4★ **Pre-emptively weak and long**, L8★, 5..9 HCP.
- 2★ **Weak**, was mentioned – this is today's topic.

Note that you have to choose whether your pair play

Strong Two, forcing ← This is the default if you do not choose.

Strong Two, non-forcing

Weak Two

*The various experts explanations of **Weak Two** bidding all differ slightly. This presentation is a pick-and-mix version from those I have looked at.*

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Opening a Weak Two (1)

This can only be diamonds (for now), hearts or spades. Clubs is reserved for the superstrong bid.

To open a Weak Two you need 6..10 HCP with a good L6suit and without a good L4SideMajor.

This is 1 HCP more than a pre-emptive level 3 opening (5..9 HCP and L7★). Bernard Magee says this provides slightly more strength for the weakest hands with a suit that is shorter by 1 card.

Andrew Robson says don't pre-empt with a good L4SideMajor.

Bernard Magee says don't pre-empt with any L4SideMajor.

I suggest going with the AR version.

If you are non-vulnerable you can be a bit more flexible in what you bid.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Opening a Weak Two (2)

Alert & Announce

Opener's partner should **announce** "Weak".

And at U3AIB only, Responder should also describe the hand:

"A weak hand, 6..10 HCP, with a good L6suit and no good L4SideMajor. Good meaning one or both of '2 of top 4' or '3 of top 6' in the suit." *(More on subsequent slides.)*

Week 7 Weak Two

Opening a Weak Two (4)

To open a Weak Two you need 6..10 HCP with a good L6suit and without a good L4SideMajor.

What is a good L6suit?

There will be a different use of this soon.

There are two measures used for the L6suit:

2+ of the top 4 cards, A K Q J.

3+ of the top 6 cards, A K Q J T 9.

A suit is excellent if it meets both of the requirements.

A suit is good if it meets one of the requirements.

Do not open a Weak Two if it meets neither.

Note, in Week 2 I wrote "2xtop3 AND 3xtop5" with a note to check details, it was wrong.

Week 7 Weak Two

Opening a Weak Two (6)

To open a Weak Two you need 6..10 HCP and a good L6suit, without a good L4SideMajor.

The previous slide looked at what is a "good L6suit".

If you are non-vulnerable, you can be flexible. Maybe include 5 HCP in the range. Maybe open with AT7654 or KT8765.

What is a **good L4SideMajor**? I haven't found a convenient definition, but try:
2+ of top 5 honours and 4½+ HCP.

Thus

AJ84 (5)	AT95 (4½)	KJT9 (4½)	KQ75 (5)
are all good, while			
AT84 (4⅓)	KJ95 (4⅓)	KJT8 (4⅓)	are not.

(For level 3 pre-empts, any L4SideMajor is disallowed.)

Based on allocating ⅓ HCP for each 10 and ⅓ for each 9.

Thus 3 x 10s is "one HCP" and 2 x 10s + 2 x 9s is also "one HCP".

This definition is controversial & perhaps should be lower, maybe only 3 HCP?

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (1)

There are four responses to a Weak Two.

- A) **Pass**. This is the **normal** response.
- B) **Raise of opener**. Extend the pre-empt by bidding to the **level of the fit**. This is weak and pre-emptive – it is NOT INVITATIONAL.
OR **Raise the opener** with a fit and enough points to make the contract (still not invitational).
- C) **Change of suit**. Very unusual and requires a VERY STRONG hand & Responder really doesn't want to play in opener's suit. (EG a void). Forcing for one round, needs a good+ L5+suit and 16+ Points.
Similar to responding to a level 3 pre-emptive opening.
- D) **2NT**, a convention, when Responder is strong, asking Opener to describe his hand in more detail.
There are two common incompatible 2NT conventions around.
***Ogust** is recommended by Bernard Magee. It is what I suggest.*
***Features** is recommended by Andrew Robson.*
We will look at both.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (2)

Obviously Opener is weak – his bid said so.

Sometimes Responder is weak (0..9 Pts), sometimes medium (10..15 Pts) and sometimes strong (16+ Pts).

Reference to these definitions will be made many times in the next few slides.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (3)

Opener bids 2♠. You announce "Weak".

♠ 6	5431	13 HCP
♥ K8643		
♦ A32		
♣ AQ43		

You have a misfit (L6S + L1S = 7 which is less than the 8 for a fit). So you don't want to extend the pre-empt.

You have medium points, 13 HCP + 1 Pt (L5H) = 14 Pts and, without a fit, you can't count shortage points.

You are far too weak to bid hearts.

You don't want to be in NT without a means of accessing Opener's spades, ie you need a fit to bid NT! *Because 2NT is a conventional bid and forcing, the NT bid being discussed is 3NT.*

Pass.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (4)

Opener bids 2♠. You announce "Weak".

♠ K9	6322	9 HCP
♥ J97654		
♦ AJ3		
♣ 42		

You have a fit (L6S + L2S = 8) and are of medium strength, 9 HCP + 2 Pt (L6H) +1 Pt (L2C) = 12 Pts.

Extend the pre-empt and bid to the level of the fit: L6S + L2S = 8, so bid to the 2 level. Ah – already at 2S, so **Pass**.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (5)

Opener bids 2♠. You announce "Weak".

♠ A976	4432	12 HCP
♥ 864		
♦ KJ53		
♣ KJ		

You have a fit (L6S + L4S = 10). But you are medium strength (12 HCP + 1 Pt (L2C) = 13 Pts).

Extend the pre-empt and bid to the level of the fit: L6S + L4S = 10, so bid to the 4 level. A jump bid, use the STOP card, #4S.

With a response in suit, Opener should not rebid. Responder's bid is NOT invitational.

Note that Opener is weak. Should Responder also be weak, then the opposition are strong and will own the contract. Therefore a sacrificial bid can be worthwhile, giving less away than letting them make their contract. Review likely contracts and scores when doubled.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (6)

Opener bids 2♠. You announce "Weak".

♠ K	4441	20 HCP
♥ AK65		
♦ AK54		
♣ K965		

You do not have a fit ($L6S + L1S = 7$). But you are strong (20 HCP).

You have $4\frac{1}{2}$ tricks outside trumps.

With the KS to back it up, you can expect Opener's L6S to make 4..5 tricks (call it $4\frac{1}{2}$). Hopefully the KS or one of the L4suits will provide a 10th trick.

Make a jump bid, use the STOP card, 4S.

With a response in suit, Opener should not rebid.

Note that the rest of the table (opener and opposition) cannot tell if this is an extension of the pre-empt, possibly sacrificial, or a bid to make.

If you always do 2NT with 16+ Pts, Opponents will know when raise is weak.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (7)

Opener bids 2♠. You announce "Weak".

♠ 2	6331	15 HCP
♥ AQT742		
♦ K62		
♣ AQ4		

You do not have a fit ($L6S + L1S = 7$). But you are strong (15 HCP + 2 Pts (L6H) = 17 Pts).

Bid **3H**, a new suit, so Opener (who will assume L5H here) is forced:

With L2-H, opener will probably rebid **3S**.

With L3+H, he will bid your game **4H**.

Note that some people play a change of suit after a weak 2 opening as non-forcing.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (8)

Opener bids 2♠. You announce "Weak".

♠ T32	4333	16 HCP
♥ AQ4		
♦ AQ7		
♣ A762		

Sometimes Responder thinks a contract may be on, but is unsure if it is or maybe even what it should be.

Under these circumstances, he wants to know more about opener's hand.

Therefore he bids **2NT**, an asking convention, that should be alerted.

Some documents say don't alert, some say do. Alerting shouldn't be "bad" regardless.

Here responder has 16 HCP and 16 Pts, but only 4 PTs ($3 \times A + 2 \times Q(1/2) = 4$).

Does his S:T32 provide enough for 6PT from opener?

There are **two** conventions for this bid: **Ogust** (Blue Club) and **Features**.

We will concentrate on Ogust, but explain Features as well.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (9) **2NT Features convention**

Features is recommended by Andrew Robson.

Opener responds to **2NT** by describing a feature:

- 3suit With a lower range hand, raise your opening suit.

With an upper range hand: *(Work your way down this list.)*

- 3Major Bid an L4Major. *(You cannot have 2xL4Majors with L6Suit.)*
- 3NT 2+ of top 3 honours in the L6Suit.
- 3Minor Bid better minor with a feature such as: Qxxx, Kxx, Ax.
- 3suit **Featureless minors.** *(Maybe AT9xxx with Jx, Jx, xxx outside.)*

Upper / Lower range:

Add HCP for hand to number of top 5 honours (AKQJT) in L6suit.

10+ is upper range,

9- is lower range.

AR's books appear ambiguous about whether you bid the "better minor" or a "minor with a feature" – or is that the same thing?

I am assuming if no feature you treat as a lower range hand. Hmm.

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (10) **2NT Ogust convention**

Ogust (aka Blue Club) is recommended by Bernard Magee.

Opener responds to **2NT** by defining his L6suit quality and his hand strength

- 3C Weak L6suit Weak Hand (HCP)
- 3D Strong L6suit Weak Hand (HCP)
- 3H Weak L6suit Strong Hand (HCP)
- 3S Strong L6suit Strong Hand (HCP)
- 3NT Solid L6suit AKQxxx (At most a Jack elsewhere.)

Remember that a strong hand (high HCP) is shown with a major. The rest can be worked out.

A Strong L6suit has 2+ of top 3 honours (AKQ). Weak not so.

This is the completely different suit evaluation mentioned earlier.

A Strong hand has 9..10 HCP. Weak has 5_(NV)/6_(V)..7 HCP. Choose for 8.

(Without 3NT reply, AKQxxx would be 3S, a strong L6suit (2+ of top 3) AND a strong hand (9 HCP).)

U3A Intermediate Bridge 2019-20

Week 7 Weak Two

Responding to a Weak Two opening (11) **2NT Ogust convention**

A Strong hand has 9..10 HCP. Weak has 5(NV)/6(V)..7 HCP. Choose for 8.

The biggest difficulty is how to "Choose for 8".

The Strong suit / Weak suit part of the reply has dealt with the long suit A K Q.

So remove those three cards from consideration and decide "is what is left a strong hand or a weak hand" (given that the hand is inherently weak anyway).

If you play a board twice, record second play on traveller with pair numbers PLUS TEN (eg 1 v 9 becomes 11 v 19)

As part of the learning process – I would like the partner of whoever has just bid to take whatever action is **standardly required** (eg announcing 1NT to be 12-14 points, ALERTing a conventional bid, ...) – **and ALSO to give a brief description to the other three players on what the bid means.**

3 10 4S+1 E 11 - 650

Ref 4S= E 10 - 620

I am again curious as to how pair 3 made an overtrick.

Note that {EW} can make 4H= for -620, so -100 is MUCH better.
